

## **Functions of the Wofford College Institutional Animal Care and Use Committee**

As an agent of Wofford College, the Institutional Animal Care and Use Committee (IACUC) shall conduct or support the following activities:

1. Review at least once every six months the college's program for humane care and use of animals;
2. Inspect at least once every six months all of the college's animal facilities;
3. Prepare reports of the IACUC evaluations conducted and submit the reports to the Provost of the College.
4. Review concerns involving the care and use of animals for research at the college;
5. Make recommendations to the Provost of the College regarding any aspect of the college's animal program, facilities, or personnel training;
6. Review and approve, require modifications in (to secure approval) or withhold approval of animal research protocols;
7. Review and approve, require modifications in (to secure approval), or withhold approval of proposed significant changes regarding the use of animals in ongoing activities and protocols; and
8. Be authorized to suspend an activity or protocol involving animals.
